CHIEF EXECUTIVE OFFICER'S REPORT
APRIL 2016**

ECONOMIC HIGHLIGHTS

On March 4, 2016, an IMF staff team led by Mr. Nigel Chalk, Deputy Director of the Western Hemisphere Department, and Ms. Uma Ramakrishnan, Mission Chief for Jamaica, visited the island. The team, in their statement release, highlighted that fiscal measures should be designed to be consistent with a primary surplus target of 7% of GDP in 2016/17 and tax policy reforms should continue to contribute to a fair, equitable, and efficient tax system.

On March 8th, 2016, the IMF published a Working Paper entitled, *Caribbean Energy: Macro Related Challenges*. The paper outlined power sector challenges and took stock of national and regional strategies to address them. It presented recommendations to move the energy agenda forward, based on analyses of macro-aspects of energy reform. The paper looked at three main areas, which included quantitative assessment of the impact of energy costs on growth and competitiveness, evaluation of gains from implementing announced renewable energy and energy efficiency targets, and analysis of the impact of energy investments on debt sustainability.

For the month of March 2016, the value of the Jamaican Dollar depreciated by J\$0.28 or 0.23% to J\$121.96=US\$1.00. Similar to the US dollar, the Jamaican dollar depreciated against the Canadian Dollar by J\$4.30 or 4.91% to J\$91.96 = CAD\$1.00 relative to February. The Great Britain Pound appreciated by J\$0.06 or 0.035% relative to February 2016 to end the month at \$172.71 = GBP£1.00

Data for the month ending March 2016 revealed that the stock of Net International Reserves (NIR) at the Bank of Jamaica was J\$276.97 billion (US\$ 2,415.53 million). This reflected an increase of J\$16.72 billion (US\$145.78 million) relative to February 2016.

Consumer prices in Jamaica rose 3% year to date to March 2016, which was 3.66% in the previous month. The monetary base increased by J\$2.06 billion to J\$120.01 billion for March 2016 relative to January this year.

On the last trading day in March 2016, for the period March 1, 2016 to March 31, 2016, the main JSE index declined by 2,787.95 points or 1.78% to close at 153,911.33 points. The JSE Combined Index declined by 2,830.40 points or 1.71% to close at 162,517.92 points. The JSE Junior declined by 22.69 points or 1.16% to close at 1,925.22 points. In contrast, once again, the JSE Cross Listed Index remained firm and closed the month at 499.06 points.

For the month of February 2016, the production of Alumina was 142,053 tonnes. This represented a 25,885 or 15.41% increase, relative to January 2016. For the month, the sale of alumina amounted to 160,746 tonnes. This represented an increase of 4,614 tonnes or 2.95% relative to the previous month. The production of crude bauxite, which is bauxite mined for exports, for February 2016 was 354,541 tonnes. This is a 38,768 tonnes or a 9.86% increase from the 393,309 tonnes recorded in January this year. Total bauxite production, which is the sum of bauxite mined for exports and bauxite converted to alumina, for February this year was 731,630 tonnes. This represented a 27,766 tonnes or a 3.40% decrease from the previous month.

The overall weighted average lending rate on domestic currency loans increased to 17.27% from 16.92%

at the end of January 2016 relative to December 2015. The weighted average domestic interest rates on deposits decreased by 6bps to 1.56% at the end of January 2016 relative to the end of December 2015. For the month of January, the foreign currency loan rate decreased relative to December 2015. In this regard, the rate declined by 3bps to 7.33%. Meanwhile the interest rates on foreign currency deposits decreased in January relative to December. In this regard the foreign currency deposit rate fell by 1bps to 1.74%.

Stopover tourist arrivals for January 2016 were 179,559. This month's total was 42,537 or 19.41% lower than the 219,096 in December last year. January's total was an increase of 1.7% over the 176,621 recorded in January.

There were price reductions observed in 38% (8) of the commodities monitored for March 2016. The price of crude oil index Brent increased in March 2016 as well as the WTI. The Brent moved up by 17.68% and the WTI increased by 24.45%. Natural gas however, decreased by 13.27%.

CORPORATE GOVERNANCE COMMITTEE

Highlights of the meeting held on Wednesday, April 13:

Corporate Governance Index, PSOJ/JSE

Mrs. Street-Forrest advised that the first draft of the Corporate Governance Index which was prepared by Dr. Howard Haughton, has been reviewed by the MIF Steering Committee. A Corporate Governance Workshop of Best Practices took place on April 27, 2016 from 9:00 am to 12:00 noon.

The meeting was advised that the Index is a measurement with a continuous scoring on a monthly basis, to show companies how they are performing in relation to Corporate Governance. The Junior/Primary listing will be updated so that all companies can identify where they stand for investors. The ongoing update will be the responsibility of the Jamaica Stock Exchange (JSE) and this will be within the CG Framework which will indicate what is required. The Index is expected to be launched by June 2016. The draft document was circulated to the PSOJ CG Committee and the MIF Steering Committee, who were invited to the Workshop. The intent is to get feedback so that the CG Index could be completed quickly.

Concern was raised about auditing and whether there would be an audit of the companies as these metrics will affect the Index and should therefore be subject to verification. Mrs. Street-Forrest noted that the Annual Reports are submitted on a yearly basis and the information could therefore be verified. It was observed that Auditors who sign off on the Annual Reports recognize that dissonance in anything recorded would result in a red flag.

Public Sector Boards

The governance issue regarding the appointment of Boards was discussed and the decision made that a press release should be issued encouraging the Government to appoint Boards within two (2) weeks of General Elections, as otherwise, it negatively affects the operation of entities. Competency profiles will be mentioned in the release.

The PSOJ list of prospective Board Directors should also be sent to Ministers individually, particularly since up to that time, the major Boards had not yet been appointed.

Public Sector Corporate Governance Awards

The Ministry of Finance & Public Service has endorsed PSOJ's proposal for the establishment of the Public Sector Corporate Governance Awards and has provided the names of their representatives, namely Ms. Carlene O'Connor, Mr. Lenworth Taylor and Mrs. Ann Marie Rhoden. Mrs. Camille Facey, Mr. Donovan Wignal, Mr. Chung and the Chair comprise the PSOJ team. A meeting will be scheduled momentarily.

PSOJ Corporate Governance Codes

Ms. Bogues advised that she will be assisting Mrs. Suzanne Goldson with finalizing the CG Main Code and

will meet with the JSE soon, as the intent is to work towards a June launch. A meeting will be coordinated to review the JSE comments and another one will be scheduled thereafter with the Listed Companies group and other entities who have provided feedback.

Broadcasting Commission

The term of office for the Broadcasting Commission team ends in October 2016. The Corporate Governance Committee is working hard to meet the timelines for deliverables on the Corporate Governance Contract for Consultants' Services. The project has been extensive and has helped to enhance the image of the PSOJ.

STANDING COMMITTEE ON NATIONAL SECURITY

Highlights of the meeting held on Tuesday, April 19:

The committee invited the Minister of Justice, Hon. Delroy Chuck M.P., to this meeting. This aim was to hear directly from the Minister, the plan his Ministry has to address the issues affecting the justice system.

Minister Chuck highlighted various issues with the justice system including:

- Delays and inefficiencies
- Judicial accountability
- Poor infrastructure

The Minister stated that the tools that will be used to tackle the problems will be:

- Dispute Resolution
- Plea Bargaining
- Integrity Progression Act
- Arbitration
- Road Traffic Act

He suggested the following as a means to improve the justice system:

- Stakeholders need to unite and lobby for issues to be adjusted
- A shift system should be proposed as the time allocated is inefficient, hence creating back logs in cases.
- The private sector could consider constructing new buildings, some of which could be used to house Magistrate court sessions. The government could provide the land for building.
- Age of retirement should be revised.

JCF Crime Statistics

The crime statistics for the period January 1 – April 16, 2016 were summarised and compared to the same period last year as follows:

- Murders – 310 were recorded: this represents a decrease of -18 or -5%
- Shootings – 295 were recorded: this represents a decrease of -9 or -3%
- Rape – 121 were recorded: this represents a decrease of -77 or -39%
- Aggravated Assault – 139 were recorded: this represents a decrease of -58 or -29%

In terms of Acquisitory Crime

- Robberies – 469 were reported: this represents a decrease of -240 or -34%
- Break ins – 362 were reported: this represents a decrease of -260 or -42%
- Larceny – 64 were reported: this represents a decrease of -87 or -58%

Divisions of Concern:

- St. James reported 57 murders: this represents an increase of 3 or 6%

- Clarendon reported 40 murders: this represents an increase of 6 or 18%
- St. Catherine North reported 24 murders: this represents a decrease of -22 or -48%
- Westmoreland reported 27 murders: this represents an increase of 3 or 13%

CRIME STOP

The Crime Stop Coordinator's report highlighted the following for the month of April 2016:

- The number of calls received was 33, 11 less than what was received in March.
- The success ratio was 1 in 3, in comparison to 1 in 6 in March.
- Two arrests were made, the same as in March.
- The number of calls made to 311 was 33, 6 less than what was received in February.

ENERGY COMMITTEE

Highlights of the meeting held on Wednesday, April 27:

Renewable Energy RFP

Mr. Chung commenced the discussion with an update on the meeting held on March 29, 2016 with Minister Wheatley. He stated that the Minister specified that he would be increasing renewable energy to 20% of total generating capacity, up from 6%. He added that the Minister was also exploring the use of waste to energy; he noted however that Minister's expectations regarding the amount of garbage generated might not be met.

Mr. Theoc updated that JPS is presently having the Integrated Resource Plan (IRP) done. He further noted that the IRP is being undertaken by the EDF which is scheduled to make presentations during the week of April 25 with bodies such as MSET, ESET and the OUR.

Mr. Theoc also provided the committee with an update as to the cause of the power outage on Sunday April 17, 2016. He attributed the cause to a 'low demand event' where Bogue was offline (resulting in 60MW being down due to conversion efforts), while the 60MW Plant in Old Harbour was on emergency outage.

Petrojam Fuel Prices

The committee was advised by Mr. Chung that based on the meeting held with Minister Wheatley on April 26, 2016 the Minister has agreed to negotiate with Trinidad regarding the removal of the premium on fuel from Petrotrin. He also stated that some private sector persons/groups are considering taking action against Trinidad for the subsidies.

Mr. Chung also reiterated his position on closing the Petrojam refinery for the interest of the country. He stated that it would cost the Jamaican Government US\$1 billion to upgrade the refinery; funds which the government does not have and Venezuela is not likely to contribute.

Retrofitting of the PSOJ

Mr. Chung informed the committee that the Officers of the PSOJ had advised that he should proceed with the retrofitting. He further stated that Ms. Tracey Lacroix of the PSOJ will be in contact with Mr. Pijuan Mota on the way forward.

Update on ESET Committee

Mr. Mahfood stated that he had no updates regarding ESET but advised that he intended to have a meeting with them shortly. Mr. Theoc noted that JPS is experiencing a slight delay in that they are not able to access financing as it is contingent on all permits being in place; he further stated that Fortress' permit has not been perfected (they supply the company with gas) but estimates that the permit will be in place by July 31, 2016.

Rain Water Security/Harvesting

Mr. Mahfood insisted that Rainwater Harvesting should be advocated for by the committee. The committee agreed that a letter should be drafted and sent to the relevant Minister in an effort to push the issue.

JPS Stakeholder Consultation:

Mr. Theoc informed the committee that as a part of the preparation of JPS' 5 year business plan, the company intends to utilize the focus group methodology to hold consultations with approximately 20 of its major customers. The focus group is intended to garner feedback, which will inform the development of the 5 year plan. Once completed, the plan will be submitted to the OUR for approval.

MEMBERSHIP COMMITTEE

Highlights of the meeting held on Tuesday, April 5:

PSOJ Membership

The suggestion was made to publicly recognize those members who have successfully recommended persons to join the organisation, at the induction ceremony held at each edition of the President's Forum.

PSOJ 40th Anniversary Celebrations

It was suggested that a digital strategy be created to recognize the PSOJ's 40th anniversary and Kareen Cox agreed. As a part of this strategy, it was suggested that we feature one member a month on our website and Facebook page. It was also recommended that we find a way to celebrate and recognise all our members throughout this special year. The Chairman suggested giving out a keepsake with the logos of all our members, perhaps a bookmark.

Job Creation Awards

The suggestion was made to use the September edition of the President's Forum to present these awards to deserving companies. Applicants must be PSOJ members. The proposed guest speaker is Daryl Vaz, the Minister (without portfolio) responsible for economic growth and job creation.

Any Other Business

The Chairman recommended that the CEO and the President's social media posts should be linked to the PSOJ website and Facebook page and he suggested that the PSOJ summer workers be trained on how to carry this out.

April 10 – PSOJ 40th Anniversary Church Service

The PSOJ celebrated its 40th anniversary at the Stella Maris Roman Catholic Church in Kingston. The President, CEO, Members of the Executive and a few Past Presidents were in attendance along with PSOJ members. The service was very good and was well received.

April 14 - Mentoring of Emerging Entrepreneurial Leaders Dinner

The finalists in the recently concluded National Business Model Competition attended the second MEELS Dinner on Thursday, April 14 at the usual venue, the Spanish Court Hotel. The finalists were students from NCU, UWI and Utech. The guest mentor was PSOJ President William Mahfood, who brought along Managing Director of WISYNCO, Andrew Mahfood and together they told the students the WISYNCO story and how they overcame challenges that manifested along the way.

April 19 – NYS Summer Programme Launch

The PSOJ collaborated with the National Youth Service to launch their annual summer workers' programme at the Jamaica Pegasus Hotel. PSOJ members were invited to attend the event to hear more about the programme and how they can participate. The event was well attended and received good media coverage.

April 21 – PSOJ Members' Mingle

The second Mingle for the year took place at the Stewart Auto Gallery and was hosted by Jaguar Land Rover. Despite the rain, we had approximately 120 persons in attendance and as usual we received positive reviews from those who were in attendance. The event received excellent print coverage. The next Mingle is scheduled for August.
